

January 8, 2019 through March 8, 2019

Credit Recovery

This is based upon 41 days. Students can miss up to 4 days. On the 5th day the student will lose credit. How can a student recover a credit due to attendance?

Road To Success (RTS):

The purpose of RTS is to give students an opportunity to recover credit through APEX instruction and complete missing assignments for all classes. Students will be assigned to RTS when their attendance rate has fallen below the 90% attendance rate set by the state. Students can be assigned to RTS either by the school's principal or by the court. RTS will run from 3pm – 4pm Assignment to RTS will begin with at least a 360-minute placement. Days can and will be added due to attendance.

5-6 days= 360 minutes of RTS

7-8 days= 480 minutes of RTS

9-10 days= 600 minutes of RTS

11 or more days.....attendance committee must decide if credits can be recovered and what must be done to recover the credit. All RTS days must be completed by March 6th @ 4pm.
